

Motion #1:

Whereas the RM of Alexander has committed to a Climate Change Action Plan, and
Whereas a plan should also be in place to agree to the complex issues of sustainability and environmental health in a meaningful way, and

Whereas future building and development should be green wherever possible; and

Whereas education of businesses and individuals should be continuous so as to result in less additions to our landfills;

Therefore be it resolved that the RM of Alexander develop a Sustainability and Environmental Health policy to be used as a guideline in future development and maintenance of our community.

Motion #2:

Whereas it is necessary for the RM of Alexander to commit to less waste in our landfills, in conjunction with our new policies,

Therefore be it resolved that the RM of Alexander take steps to ban all single use plastics within the next 12 months.
